

KV701

VSM NON-WOVEN (AO)

Grain type	Aluminium oxide
Bonding	Full-resin bonded
Colour	Red-brown
Backing	Polyamide fiber
Production width	1,500 mm

Materials

Features

Low to
medium
pressure

Clean and finish product with medium grit sizes (100, 180, 280) for use with disc and orbital sanders. The non-woven has an impressively long service life – even when processing turbine blades. Both sides can be used. The open-texture non-woven fibre fabric can also be used in the manufacture of grinding tools such as grinding wheels, drums or discs.

Fineness range:¹⁾

Benefits

- > Very long service life
- > Consistent scratch pattern
- > Good adaptation to the workpiece
- > No clogging
- > Water resistant
- > Applicable for conversion of shaft mounted wheels, flap wheels, velour-backed discs
